Please read and initial all areas:

INITIALS _____ Your dog must be healthy and current on all vaccinations, It is YOUR responsibility to provide documentation before or at the initial visit and to also provide updated documentation as needed. For the safety of all our canine guests, we reserve the right to refuse service for any pet that is showing an expired vaccination in our files.

INITIALS _____ **-Bordetella Vaccine-** If your pet is a regular at daycare, grooming salons, dog parks and boarding facilities, the shots every 1-3 years are to help prevent canine infectious tracheobronchitis (Kennel cough). This vaccine against bordetella is important to protect your pets from a hacking cough and snotty nose brought on by the easily contracted bacteria that causes the highly contagious disease in both cats and dogs. I fully understand that the Bordetella vaccine is required here at Tracy's Doggone Farm L.L.C. I understand the risk of boarding my cat/dog without the vaccine, there is a chance that your cat/dog may come down with Kennel cough. We highly encourage the bordetella vaccine.

INITIALS _____ -**Distemper Vaccine**- Distemper is a highly contagious and serious disease that attacks the respiratory, gastrointestinal, and nervous system in dogs/cats and also wild animals. Distemper is caused by an airborne virus through an infected dog or wild animal. It also can be transmitted by sharing food/water bowls and equipment. Getting the Distemper vaccine every 1-3 years is highly recommended for your animal to prevent this deadly disease. I fully understand that the Distemper Vaccine is required here at Tracy's Doggone Farm L.L.C. I understand the risk of boarding my cat/dog without the vaccine. We highly encourage the Distemper Vaccine.

INITIALS _____ -**Rabies Vaccine**- It is state law to have your Cat/Dog above the age of 5 months fully vaccinated against Rabies. Rabies is a very deadly disease that is usually transmitted through a bite. Cats/dogs will start becoming aggressive, foaming at the mouth, losing control of balance and many other signs. Here at Tracy's Doggone Farm L.L.C, rabies is required and non negotiable. We have the right to refuse service to any cat/dog without the proper vaccination.

Veterinarian: _____

Phone No. _____

INITIALS _____ If in our judgment, your cat(s) or dog(s) requires immediate medical care we will attempt to reach you or your emergency contact, however we will also take your dog/cat to a veterinarian or animal hospital to avoid any unnecessary suffering. The Veterinarian or animal hospital may not be who you generally use; instead we will reach out to veterinarians in our immediate area to determine who has the ability to handle the issue at hand. We will ask them to only do what is necessary to stabilize your pet and minimize any pain or suffering until we are able to reach you. You agree to be solely responsible for the medical bills for your pet. You agree to release Tracy's Doggone Farm L.L.C, its owners, and employees of and from any and all responsibility for claims, damages, debts, etc., arising out of or related to any medical care, including, but not limited to, transportation to/from the veterinarian clinic.

To better take care of all of our furry friends in our care, we ask if you let us know if your Dog/cat have had any previous injuries, surgeries, allergies, any sign of being sick (Diarrhea, vomiting, lethargic etc.) You know your pet the best, when they come in, we do not know them the way you do. If they are acting "off" please let us know that way we can monitor them properly.
